

- *The CPU Holder is a convenient way to keep your office desk tidier. By moving your CPU towers out of the way to a more convenient location with the under-desk mounting kits, it helps you save space and also keep dust and dirt out of your computer case. The CPU towers are suspended off the ground at an accessible height so that media drives are within easy reach.*

Item Code : TR 110 CPU Holder
 Packing : 1 set / ctn
